

Bement Billings Farmstead School Tours for 2020

Because we are an all volunteer organization, we are trying to make volunteering a little easier and more predictable for our volunteers who plan to help at our school tours this year. We'll be offering 16 dates on a first come/first served basis. Our dates for 2020 are on Tuesdays, Thursdays, and two Fridays during the months of May and June. Cost per student is \$5.00.

Tours will begin at 10:00 AM after a brief introduction, and end by 12:00 noon if we have 4 stations, or they will begin at 10:00 AM and end by 12:30 PM if we have 5 stations. **Because our presentation spaces are small, we need to limit our station group size to no more than 12 students.** So, if your school will have **48** students total on your date, we will run **4** different stations. If your group has **49-60** students total on your date, we will run **5** different stations. The station activities we may offer on a given day are: kitchen, parlor (quilting), wood shop, school (barn), blacksmith, or games. **We cannot handle groups of more than 60 on a tour day.**

If you're grouping students from among several schools, please be sure you've divided your students **prior** to arrival at the Farmstead to be sure each station has no more than 12 students. Your timely arrival allows us to begin the tours on time, which allows your students time to have a picnic lunch in the picnic area after their tour.

If you would like to schedule your class, please contact Jane Fischer at 607.862.4602 or at 607.727.8214. Thank you!
